WHEREAS, on August 28, 2020, the California Department of Public Health issued a statewide order that, recognizing that community spread of infection remains a significant concern across the state, and based on the current state of the pandemic in California and current scientific understanding of transmission, further refined the State's approach to gradually reopen businesses and activities while reducing the risk of increased community spread by adopting a targeted system for sector reopenings that relies on a set of tiers corresponding to specific epidemiological profiles based on indicators of disease burden including case rates per capita and percent of positive COVID-19 tests and proportion of testing and other COVID-19 response efforts addressing the most impacted populations within a county; under this revised framework, local health jurisdictions may reopen, or must close, specified sectors according to their county's tier; and

WHEREAS, on August 31, 2020, California passed legislation, Assembly Bill 3088, under which, among other things, no tenant can be evicted before February 1, 2021 as a result of rent owed due to a COVID-19 related hardship accrued between March 4 and August 31, 2020, if the tenant provides a declaration of COVID-19-related financial distress according to specified timelines; no tenant can be evicted for rent that accrues but is unpaid due to a COVID-19 hardship between September 1, 2020 and January 31, 2021 if the tenant submits declarations of COVID-19-related financial distress according to specified timelines and pays 25% of the unpaid rent due by January 31, 2020; and landlords are required to provide tenants a notice detailing their rights under the legislation; and

in Los Angeles County; cited the State’s August 28, 2020 issuance of its Blue Print for a Safer Economy, which describes the tiered approach to relaxing and tightening restrictions on activities based on specified criteria; allowed barbershops and hair salons to reopen indoor operations at 25% of maximum occupancy and with required modifications, while encouraging operators to provide as many services as possible outside; and, beginning September 14, 2020, allowed K-12 schools to offer in-school services for a small, stable cohort of students with Individualized Education Programs or English Learners needing assessments and/or specialized in-school services, with priority given to students with disabilities; and

WHEREAS, on September 4, 2020, the United States Center for Disease Control and Prevention, recognizing that “in the context of a pandemic, eviction moratoria – like quarantine, isolation, and social distancing – can be an effective public health measure utilized to prevent the spread of communicable disease,” that eviction moratoria “facilitate self-isolation by people who become ill or who are at risk for severe illness from COVID-19 due to an underlying medical condition” and “allow State and local authorities to more easily implement stay-at-home and social distancing directives to mitigate the community spread of COVID-19,” and that “housing stability helps protect public health because homelessness increases the likelihood of individuals moving into congregate settings, such as homeless shelters, which then puts individuals at higher risk to COVID-19” (Federal Register, Vol. 85, No. 173 at page 55292), issued an order, applicable in any State or local area without a moratorium on residential evictions that provides the same or greater level of public-health protections as the requirements in the order, requiring that, through December 31, 2020, subject to further extension, modification, or rescission, a landlord, owner of a residential property, or other person with a legal right to pursue eviction or possessory action shall not evict any covered person (as defined in the order) from any residential property in any State in which there are documented cases of COVID-19; and

WHEREAS, on September 8, 2020, the City Council ratified the proclamation of local emergency made by the Director of Emergency Services, as well as the Fifth Revised First, Revised Fourth, Revised Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Twelfth, Thirteenth, Fifteenth, Sixteenth, Seventeenth, Third Revised Eighteenth, Nineteenth, First Revised Twentieth, Second Revised Twenty-First, Twenty-Second, Twenty-Third, and Twenty-Fourth Supplements thereto; resolved that the local emergency shall be deemed to continue and exist until its termination is proclaimed by the City Council; and resolved that the supplements being ratified above shall, except for those portions of earlier supplements that were not extended by the Seventeenth Supplement, be operative and remain in effect through September 30, 2020, or any later date expressly stated within the text of an individual supplement; and

WHEREAS, on September 10, 2020, the Director of Emergency Services issued a Twenty-Fifth Supplement to the Executive Order of the Director of Emergency Services Declaring the Existence of a Local Emergency, which permitted the Housing Commission and Architectural Review Board to conduct certain meetings for identified purposes;

WHEREAS, on September 18, 2020, the Director of Emergency Services issued a Twenty-Sixth Supplement to the Executive Order of the Director of Emergency Services Declaring the Existence of a Local Emergency, which superseded and replaced Section 1 of the Ninth Supplement to permit some events, activities, programs, and gatherings scheduled in City

facilities by permit or license if they are permitted by and will be conducted in accordance with all requirements of the County Safer at Home Order; authorized the Director of the Community Services Director to implement guidelines and regulations to permit the use of City sites for drive-in movie theaters, vehicle-based parades, concerts, and other events to the extent permitted by and conducted in accordance with all requirements of the County Safer at Home Order; extended the City's moratorium on evictions of residential tenants for reasons other than nonpayment of rent through December 31, 2020; extended the eviction moratorium for nonpayment of rent by commercial tenant 1s (as defined in the Fifth Revised First Supplement) through December 31, 2020, subject to the requirement that for rent due after September 30, 2020, except for rent due for periods in which the commercial tenant 1's business remains closed because the County Safer at Home Order requires it to remain closed, the commercial tenant 1 must pay at least 50% of the rent due in accordance with the terms for payment set out in the tenant's lease; authorized the Director of the Community Services Department to promulgate regulations and issue permits for gym and fitness establishments to engage in commercial fitness activities at City parks, City park parking lots, and City beaches; superseded and replaced Section 5 of the Revised Fifth Supplement so that penalties related to business licenses for fiscal year 2020-2021 will begin to accrue as of September 1, 2020 unless an extension application was timely filed pursuant to the Third Revised Eighteenth Supplement and penalties related to business improvement district assessments for fiscal year 2020-2021 are not suspended and will begin to accrue if the assessments are not timely paid; with the same exceptions specified in the Nineteenth, Twenty-Third, and Twenty-Fourth Supplements (the latter of which extended the expiration of the supplements to September 30, 2020), extends the expiration of prior supplements that remain in place to December 31, 2020 unless a later expiration date is provided in an individual supplement; and

WHEREAS, on October 2, 2020, as revised October 6, 2020, the Los Angeles County Department of Public Health issued a revised Reopening Safer at Work and in the Community For Control of COVID-19 – Moving the County of Los Angeles Into Stage 3 of California's Pandemic Resilience Roadmap order that superseded all prior Safer at Home Orders, recognized that existing community transmission of COVID-19 in Los Angeles County remains widespread, noted that there remains a strong likelihood that increased interactions among members of the public will result in a significant and increasing number of cases of community transmission, noted that the daily number of new cases while not currently substantially increasing is still high, and was essentially equivalent to the September 4 Safer at Home Order with the exception that it added nail salons to the list of Lower-Risk Businesses allowed to reopen for indoor operations at 25% of maximum occupancy and with required modifications, permitted outdoor dining at non-restaurant breweries and wineries in compliance with specified conditions, and permitted children's playgrounds to open subject to access or use restrictions imposed by the Health Officer and local government entities to reduce crowding and the risk of COVID-19; and

WHEREAS, as of October 6, 2020, the Los Angeles County Department of Public Health has confirmed 275,856 cases of COVID-19 in Los Angeles County and has continued to advise that bold and aggressive measures are required to be put in place to prevent the further spread of COVID-19; and

WHEREAS, the City's most popular public spaces in the downtown business district are the Third Street Promenade (the "Promenade"), the Pier, and the Transit Mall, drawing millions of visitors a year, and maintaining safe circulation in these spaces is an ongoing challenge; and

WHEREAS, the Promenade is a three-block-long portion of a public street that the City has closed to all but emergency vehicular traffic; and,

WHEREAS, except for its heavily traveled cross streets and certain narrow alleyways, the Promenade is enclosed on both sides by two- and three-story structures; and

WHEREAS, the Pier is a long, narrow space, only 35 feet wide at some points, with ingress and egress at only one end; and

WHEREAS, the Transit Mall is located in the heart of downtown and is composed of the wide sidewalks on Santa Monica Boulevard and Broadway from the east side of Ocean Avenue to the west side of Fifth Street; and

WHEREAS, the Transit Mall sidewalks are bounded on one side by building walls and on the other by very busy streets carrying a high number of buses in addition to the typical vehicular traffic; and

WHEREAS, maintaining public safety in the Promenade, the Pier, and the Transit Mall presents special challenges to the City's public safety personnel, particularly in times of emergency, because of the very large crowds, narrow roadways, limited ingress and egress, and fixed impediments to circulation; and

WHEREAS, due to the physical constraints of the Pier, the Promenade, and the Transit Mall, the crowds that gather at these public spaces, and the safety emergencies that have occurred there over the years, there is little margin for error; and

WHEREAS, since the late 1980s, the City of Santa Monica has enacted and refined its street performance laws, and as detailed in the administrative record, such laws recognize performers' value to the community, respect constitutional rights, protect the free flow of pedestrian traffic and the safety of residents, workers, and visitors in crowded public places, shield local businesses from unfair competition, and preserve the aesthetic qualities of public spaces; and

WHEREAS, street performers enrich the ambiance of Santa Monica's unique and stimulating public spaces, and their presence in the City's most popular spaces reflects Santa Monica's commitment to the arts and to the free exchange of ideas; and

WHEREAS, despite their value to the community, street performance occurring on crowded public thoroughfares can jeopardize public safety and welfare by blocking traffic, impairing emergency ingress and egress, creating unfair competition, and adversely affecting aesthetics; and

WHEREAS, the City addresses these concerns by ensuring that performers are aware of the safety requirements relating to equipment, spacing, and the safety of their acts before the performers commence their performance on the Third Street Promenade, the Pier, or the Transit Mall through the requirement of obtaining a permit at which time the performers obtain a copy of the City's regulations; and

WHEREAS, pursuant to Santa Monica Municipal Code section 6.112.030, no person may perform on the Promenade, the Pier, or the Transit Mall without first obtaining a permit unless the performance is conducted on Monday through Friday prior to noon and the day is not a holiday; and

WHEREAS, the public safety and welfare concerns presented by street performers are heightened during the COVID-19 emergency during which the County Safer at Home Order mandates that persons leaving their home strictly comply with social (physical) distancing requirements, including maintaining at least six feet of physical distance from those who are not members of their household, and generally prohibits events and gatherings; and

WHEREAS, the Los Angeles County Department of Public Health has received complaints that street performers performing in the Promenade are drawing large crowds that are not practicing social distancing and obstructing passageways for pedestrians; and

WHEREAS, the Los Angeles County Department of Public Health has informed the City that the County Safer at Home Order prohibits live audiences for street performers, even if persons from different households observing such a performance maintain physical distancing from one another and wear face coverings, and

WHEREAS, it is infeasible for the City to enforce a prohibition on live audiences for street performers in the Promenade, the Santa Monica Pier, and the Transit Mall, all of which are destinations that attract large numbers of visitors, many of whom stop to observe street performers, during the weekends and after noon Mondays through Fridays when such public places have a greater number of visitors; and

WHEREAS, temporarily suspending the issuance of permits for street performers and suspending any such permit that has already been issued during the time period that the County maintains its position that there can be no live audience for street performances furthers significant public health, safety, and welfare interests of ensuring that events and gatherings prohibited by the County Safer at Home Order do not occur; and

WHEREAS, Section 6.112.050 of the Santa Monica Municipal Code contains time, place, and manner restrictions on where performers may perform on the Promenade and Transit Mall but does not designate specified spaces where performers may perform; and

WHEREAS, providing the ability to modify the location of the designated street performer spaces on the Pier and designate spaces on the Promenade and Transit Mall during the pendency of the COVID emergency where performers may perform prior to noon Monday through Friday (unless it is a holiday) without a performance permit is necessary to ensure sufficient spacing for performers and the free flow of pedestrian traffic and the ingress and egress of emergency vehicles; and

WHEREAS, temporarily allowing businesses to designate certain parking meter spaces as a free curbside pickup zone will assist businesses that rely on curbside pickup to facilitate the purchase and sales of goods and food in compliance with the social distancing and infection control protocols imposed by the County Safer at Home Order;

WHEREAS, on August 20, 2020, to expedite and facilitate the use of grant funds to prevent, prepare for, and respond to COVID-19, the United States Department of Housing and Urban Development ("HUD") implemented program rules, statutory and regulatory waivers, and alternative requirements (the "HUD CDBG COVID-19 Rules") applicable to supplemental Community Development Block Grant ("CDBG") funds made available to prevent, prepare for, and respond to COVID-19 and to annual CDBG grants awarded in fiscal years 2019 and 2020; and

WHEREAS, certain provisions in Chapter 2.68 of the Santa Monica Municipal Code ("SMMC"), CDBG Program Procedures and Policies, are inconsistent with the HUD CDBG COVID-19 Rules; and

WHEREAS, temporarily suspending certain of the provisions in SMMC Chapter 2.68 will permit the City to submit an Amended Consolidated Plan and annual performance report in accordance with the HUD CDBG COVID-19 Rules; and

WHEREAS, the City has an important government interest in maintaining a thriving business community and protecting the health, safety, and economic welfare of its citizens and businesses; and

WHEREAS, authorizing the City to issue Temporary Use Permits for certain uses allowed by the County Safer at Home Order for a period longer than 45 days but less than 180 days will allow businesses to operate safely during the pendency of this COVID-19 emergency; and

WHEREAS, California Government Code 8634 empowers the City to promulgate orders and regulations necessary to provide for the protection of life and property during a local emergency, and

WHEREAS, in the interest of public health and safety, as affected by the emergency caused by the spread of COVID-19, it is necessary to exercise my authority pursuant to Section 2.16.060 of the Santa Monica Municipal Code to issue this regulation related to the protection of life and property.
